

## **Attachment 1: Preamble, including required analysis, for repeal of 10 TAC Chapter 12, Multifamily Housing Revenue Bond Rules**

The Texas Department of Housing and Community Affairs (the Department) adopts the repeal of 10 TAC Chapter 12, Multifamily Housing Revenue Bond Rules (the Bond Rules). The purpose of the repeal is to eliminate an outdated rule while adopting a new updated rule under separate action.

The Department has analyzed this proposed rulemaking and the analysis is described below for each category of analysis performed.

### **a. GOVERNMENT GROWTH IMPACT STATEMENT REQUIRED BY TEX GOV'T CODE §2001.0221.**

1. Mr. Bobby Wilkinson, Executive Director, has determined that, for the first five years the repeal would be in effect, the repeal does not create or eliminate a government program, but relates to the repeal, and simultaneous readoption making changes to an existing activity, the issuance of Private Activity Bonds (PAB).

2. The repeal does not require a change in work that would require the creation of new employee positions, nor is the repeal significant enough to reduce workload to a degree that any existing employee positions are eliminated.

3. The repeal does not require additional future legislative appropriations.

4. The repeal does not result in an increase in fees paid to the Department or a decrease in fees paid to the Department.

5. The repeal is not creating a new regulation, except that it is being replaced by a new rule simultaneously to provide for revisions.

6. The action will repeal an existing regulation but is associated with a simultaneous readoption making changes to an existing activity, the issuance of PABs.

7. The repeal will not increase or decrease the number of individuals subject to the rule's applicability.

8. The repeal will not negatively or positively affect this state's economy.

### **b. ADVERSE ECONOMIC IMPACT ON SMALL OR MICRO-BUSINESSES OR RURAL COMMUNITIES AND REGULATORY FLEXIBILITY REQUIRED BY TEX GOV'T CODE §2006.002.**

The Department has evaluated this repeal and determined that the repeal will not create an economic effect on small or micro-businesses or rural communities.

### **c. TAKINGS IMPACT ASSESSMENT REQUIRED BY TEX GOV'T CODE §2007.043.**

The repeal does not contemplate nor authorize a taking by the Department; therefore, no Takings Impact Assessment is required.

### **d. LOCAL EMPLOYMENT IMPACT STATEMENTS REQUIRED BY TEX GOV'T CODE §2001.024(a)(6).**

The Department has evaluated the repeal as to its possible effects on local economies and has determined that for the first five years the repeal would be in effect there would be no economic

effect on local employment; therefore, no local employment impact statement is required to be prepared for the rule.

e. PUBLIC BENEFIT/COST NOTE REQUIRED BY TEX GOV'T CODE §2001.024(a)(5).

Mr. Wilkinson has determined that, for each year of the first five years the repeal is in effect, the public benefit anticipated as a result of the repealed section would be an updated and more germane rule for administering the issuance of PAB. There will not be economic costs to individuals required to comply with the repealed section.

f. FISCAL NOTE REQUIRED BY TEX GOV'T CODE §2001.024(a)(4).

Mr. Wilkinson also has determined that for each year of the first five years the repeal is in effect, enforcing or administering the repeal does not have any foreseeable implications related to costs or revenues of the state or local governments.

SUMMARY OF PUBLIC COMMENTS AND STAFF REASONED RESPONSE. The Department accepted public comment between September 20, 2024, and October 18, 2024, with no comments on the repeal itself received.

The Board adopted the final order adopting the repeal on November 7, 2024.

STATUTORY AUTHORITY. The repeal is made pursuant to Tex. Gov't Code §2306.053, which authorizes the Department to adopt rules. Except as described herein the repealed sections affect no other code, article, or statute.

## **Attachment 2: Preamble, including required analysis, for adopting new 10 TAC Chapter 12, Multifamily Housing Revenue Bond Rules**

The Texas Department of Housing and Community Affairs (the Department) adopts, without changes from the published draft, new 10 TAC Chapter 12, Multifamily Housing Revenue Bond Rules (Bond Rules). The purpose of the new section is to provide compliance with Tex. Gov't Code §2306.359, to make minor administrative revisions, and to ensure that it is reflective of changes made in the Department's Qualified Allocation Plan where applicable.

Tex. Gov't Code §2001.0045(b) does not apply to the action on this rule pursuant to item (9), which excepts rule changes necessary to implement legislation. The rule provides compliance with Tex. Gov't Code §2306.359, which requires the Department to provide for specific scoring criteria and underwriting considerations for multifamily private activity bond activities.

The Department has analyzed this rulemaking and the analysis is described below for each category of analysis performed.

### **a. GOVERNMENT GROWTH IMPACT STATEMENT REQUIRED BY TEX GOV'T CODE §2001.0221.**

Mr. Bobby Wilkinson, Executive Director, has determined that, for the first five years the new rule will be in effect:

1. The rule does not create or eliminate a government program, but relates to the readoption of this rule which makes changes to an existing activity, the issuance of Private Activity Bonds ("PAB").
2. The rule does not require a change in work that would require the creation of new employee positions, nor are the rule changes significant enough to reduce workload to a degree that eliminates any existing employee positions.
3. The rule does not require additional future legislative appropriations.
4. The rule changes will not result in an increase in fees paid to the Department, but may, under certain circumstances, result in a decrease in fees paid to the Department regarding Tax-Exempt Bond Developments.
5. The rule is not creating a new regulation, except that it is replacing a rule being repealed simultaneously to provide for revisions.
6. The rule will not limit, expand or repeal an existing regulation but merely revises a rule.
7. The rule does not increase or decrease the number of individuals subject to the rule's applicability.
8. The rule will not negatively or positively affect the state's economy.

**b. ADVERSE ECONOMIC IMPACT ON SMALL OR MICRO-BUSINESSES OR RURAL COMMUNITIES AND REGULATORY FLEXIBILITY REQUIRED BY TEX GOV'T CODE §2006.002.** The Department, in drafting this rule, has attempted to reduce any adverse economic effect on small or micro-business or rural communities while remaining consistent with the statutory requirements of Tex. Gov't Code, §2306.359. Although these rules mostly pertain to the filing of a bond pre-application, some stakeholders have reported that their average cost of filing a full Application is between \$50,000 and

\$60,000; which may vary depending on the specific type of Application, location of the Development Site, and other non-state of Texas funding sources utilized. The proposed rules do not, on average result in an increased cost of filing an application as compared to the existing program rules.

1. The Department has evaluated this rule and determined that none of the adverse affect strategies outlined in Tex. Gov't Code §2006.002(b) are applicable.

2. This rule relates to the procedures in place for entities applying for multifamily PAB. Only those small or micro-businesses that participate in this program are subject to this rule. There are approximately 100 to 150 businesses, which could possibly be considered small or micro-businesses, subject to the rule for which the economic impact of the rule would be a flat fee of \$11,000 which includes the filing fees associated with submitting a bond pre-application.

The Department bases this estimate on the potential number of Applicants and their related parties who may submit applications to TDHCA for PAB (and accompanying housing tax credits). There could be additional costs associated with pre-applications depending on whether the small or micro-businesses outsource how the application materials are compiled. The fee for submitting an Application for PAB layered with LIHTC is based on \$30 per unit, and all Applicants are required to propose constructing, at a minimum, 16 Units.

These Application Fee costs are not inclusive of external costs required by the basic business necessities underlying any real estate transaction, from placing earnest money on land, conducting an Environmental Site Assessment, conducting a market study, potentially retaining counsel, hiring an architect and an engineer to construct basic site designs and elevations, and paying any other related, third-party fees for securing the necessary financing to construct multifamily housing. Nor does this estimate include fees from the Department for Applications that successfully attain an award.

There are approximately 1,300 rural communities potentially subject to the new rule for which the economic impact of the rule is projected to be \$0. 10 TAC Chapter 12 places no financial burdens on rural communities, as the costs associated with submitting an Application are born entirely by private parties. In an average year the volume of applications for PAB that are located in rural areas is not more than 20% of all PAB applications received. In those cases, a rural community securing a PAB Development will experience an economic benefit, not least among which is the potential increased property tax revenue from a large multifamily Development.

3. The Department has determined that because there are rural PAB awardees, this program helps promote construction activities and long term tax base in rural areas of Texas. Aside from the fees and costs associated with submitting an Application, there is a probable positive economic effect on small or micro-businesses or rural communities that receive PAB awards and successfully use those awards to construct multifamily housing, although the specific impact is not able to be quantified in advance.

c. TAKINGS IMPACT ASSESSMENT REQUIRED BY TEX GOV'T CODE §2007.043. The rule does not contemplate nor authorize a taking by the Department; therefore, no Takings Impact Assessment is required.

d. LOCAL EMPLOYMENT IMPACT STATEMENTS REQUIRED BY TEX GOV'T CODE §2001.024(a)(6).

The Department has evaluated the rule as to its possible effects on local economies and has determined that for the first five years the rule will be in effect the rule may provide a possible positive

economic effect on local employment in association with this rule since PAB Developments, layered with housing tax credits, often involve a total input of, typically at a minimum, \$5 million in capital, but often an input of \$10 million - \$30 million. Such a capital investment has concrete direct, indirect, and induced effects on the local and regional economies and local employment. However, because the exact location of where program funds or developments are directed is not determined in rule, and is driven by real estate demand, there is no way to determine during rulemaking where the positive effects may occur. Furthermore, while the Department knows that any and all impacts are positive, that impact is not able to be quantified for any given community until PABs and LIHTCs are actually awarded to a proposed Development, given the unique characteristics of each proposed multifamily Development.

Texas Gov't Code §2001.022(a) states that this "impact statement must describe in detail the probable effect of the rule on employment in each geographic region affected by this rule..." Considering that significant construction activity is associated with any PAB Development layered with LIHTC and each apartment community significantly increases the property value of the land being developed, there are no probable negative effects of the rule on particular geographic regions. If anything, positive effects will ensue in those communities where developers receive PAB awards.

e. PUBLIC BENEFIT/COST NOTE REQUIRED BY TEX GOV'T CODE §2001.024(a)(5). Mr. Wilkinson, has determined that, for each year of the first five years the new section is in effect, the public benefit anticipated as a result of the new section will be an updated and more germane rule for administering the issuance of PABs and corresponding allocation of housing tax credits. There is no change to the economic cost to any individuals required to comply with the new section because the same processes described by the rule have already been in place through the rule found at this section being repealed. The average cost of filing a pre-application and application remain unchanged based on these rule changes. The rules do not, on average, result in an increased cost of filing an application as compared to the existing program rules.

f. FISCAL NOTE REQUIRED BY TEX GOV'T CODE §2001.024(a)(4). Mr. Wilkinson also has determined that for each year of the first five years the new section is in effect, enforcing or administering the new section does not have any foreseeable implications related to costs or revenues of the state or local governments because the same processes described by the rule have already been in place through the rule found at this section being repealed.

SUMMARY OF PUBLIC COMMENTS AND STAFF REASONED RESPONSE. The Department accepted public comments between September 20, 2024, and October 18, 2024. No Comments were received.

The Board adopted the final order adopting the new rule on November 7, 2024. The rule has been reviewed by legal counsel and found to be a valid exercise of the Department's legal authority.

STATUTORY AUTHORITY. The new sections are proposed pursuant to Texas Government Code, §2306.053, which authorizes the Department to adopt rules. Except as described herein the proposed new sections affect no other code, article, or statute.
