ANALYSIS

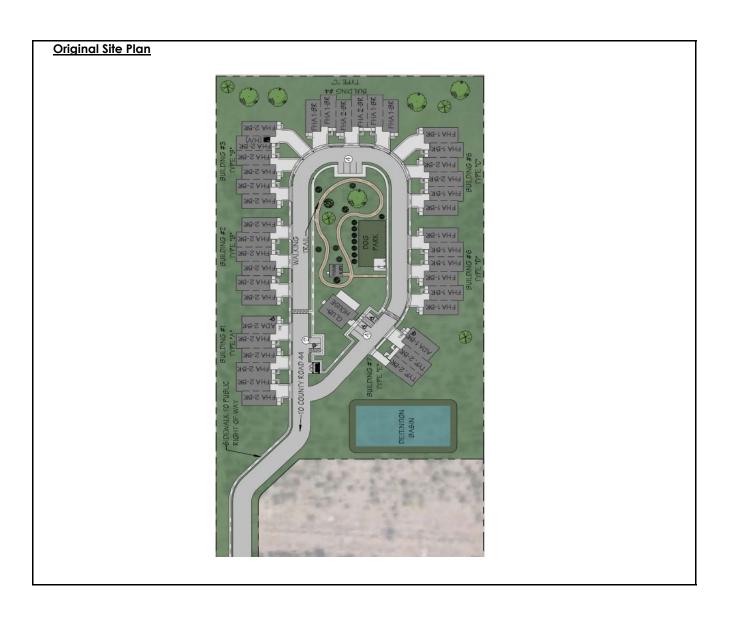

In July 2025, the Development was awarded \$1,258,361 in annual 9% Housing Tax Credits. Now Applicant has applied for an additional \$50,000 in annual State Housing Tax Credits ("SHTC").

In conjunction with their application for SHTC, they are also requesting a Material Amendment. The reason for the material amendment is the result of value engineering to offset price increases caused by inflation and to accommodate for flooding concerns that were raised by the County Commissioner regarding the original site entrance (both of which occurred post application submission). The amendment reflects the following changes:

- Update to the site plan to reflect a new building configuration. The updated site plan shows relocating the entrance away from flooding concerns and changing from a single-story garden-style design to a three-story single-building design.
- Update to the unit mix to 34 2-BR and 15-1BR units, which allows for higher gross potential rents at the development. The redesign also includes an increase in affordable units from 39 to 46, with an addition of 3 market rate units as well. This results in a total of 49 units for rent to Seniors 55+.
- Redesigned parking lot eliminates garages and reconfigures the lot to 81 open surface spaces (1.7/unit), with all parking provided at no additional charge to the residents. For comparison, local Code only requires 1 space per unit for senior developments.
- An Increase to the development site from 7.164 acres to 7.5 acres has increased the acquisition costs from \$247,311 to \$350,000, after accounting for additional extension fees incurred on the contract amendment.
- A 9% increase in the total NRA, from 36,084 SF to 39,336 SF.
- A 385% increase in total common area, from 1,888 SF to 9,151 SF. The increase in common area is due to the change in design from single-story buildings to one three-story building. Also, Applicant is including the interior corridor and stair areas in the common area calculation.
- Update to the financial exhibits to account for the application for SHTC as well as for the changes in costs, interest rates, program rent limits, and expenses.

Site Plan

Site Control was amended so that the boundaries of the parcel being sold are farther away from flooding areas. The site plan has been modified to accommodate the new boundaries and to reduce costs through value engineering in an effort to mitigate cost increases caused by inflation and to reflect the revised unit mix. Additionally, Applicant included the updated PSA (site control) amendment and title commitment accounting for the closing extension and revised location of land under contract. A copy of the updated survey and Phase I ESA were provided by the Applicant as well as reflecting the new site boundary location. New Architectural Drawings were also provided to document the proposed changes.

New Site Plan

Operating Pro Forma

The Rent Schedule was updated with current 2025 Program Rents.

The expanded unit mix has an increase in affordable units from 39 to 46, with an addition of 3 market rate units as well. The increase in units and updated rents resulted in a 34% increase in budgeted income from \$377,278 to \$506,038.

Changes in operating expenses reflect a reconciliation to feedback received from insurance providers for the area, removal of supportive services since there is no contract or agreement required by the City of Robstown, inclusion of elevator maintenance costs triggered from the redesign, as well as additional due diligence in market conditions performed by the Partnership since original application submission. The change in operating expenses are more specifically detailed below.

Total budgeted expenses increased by 36% from \$138,988 to \$188,661. The changes in expenses were primarily in the following categories:

- Management expense increased by 34%, from \$15,091 to \$20,241.
- Payroll expenses rose by 61%, from \$65,000 to \$104,500.
- Repairs & Maintenance increased by 75%, from \$27,000 to \$47,300. That increase is partially due to the inclusion of elevator maintenance costs triggered by the redesign of the property.
- Electric/Gas increased by 33%, from \$8,500 to \$11,308.
- Property Insurance increased by 32%, from \$39,000 to \$51,459.
- Property tax expense increased by 33%, from \$16,389 to \$21,731.
- Supportive Services decreased from \$6,000 to \$0.

As underwritten, the long-term Pro Forma exhibits a 15-year residual cash flow of \$84K after repayment of deferred developer fee in year 14.

Development Cost

The development site increased from 7.164 acres to 7.5 acres, which has increased the acquisition cost from \$247,311 to \$350,000 after accounting for additional extension fees incurred on the contract amendment.

The number of units increased from 39 units to 49 units, with NRA increasing by 9%, from 36,084 SF to 39,336 SF

Building Cost increased by 18%, from \$3,828,461 to \$4,530,153.

Total Housing Development Cost has increased by 10%, from \$11,539,913 to \$12,668,437.

Sources of Funds

In order to cover the additional development costs, proposed capitalization has been increased 10%, by \$1,128,528.

The permanent lender was changed from Key Bank to Stellar Bank. Permanent debt was increased by \$642,000, but the interest rate decreased from 7.00% to 6.75%. The 15 year term and 35 year amortization remain unchanged.

Applicant changed equity providers from Raymond James to RBC. The primary LIHTC equity contribution remained the same.

Applicant added State Housing Credit equity of \$299,940 for an annual State Housing Tax Credit request of \$50K at a credit price of \$0.60.

Deferred developed Fee increased by \$186,588, from \$376,410 to \$562,998.

Recommendation

Underwriter recommends an annual allocation of \$50,000 in State Housing Tax Credits as requested by Applicant. Furthermore, the original annual allocation of \$1,258,361 in annual 9% Housing Tax Credits is still being recommended.

DEVELOPMENT SUMMARY

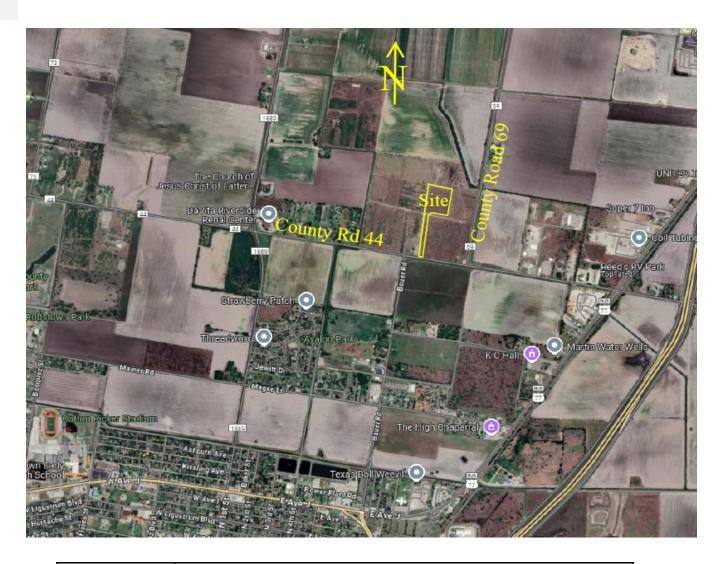

The development will be a 55+ LIHTC community, comprised of 15 one-bedroom units and 24 two-bedroom units, with incomes at 30%, 50%, and 60% AMIs. The developer will be partnering with Crossroads Housing Development Corporation as the CHDO in order to achieve a 50% property tax exemption. Property amenities include a dog park, walking trail and a stand-alone clubhouse.

DEVELOPMENT SUMMARY

SITE PLAN

Control Type: Commercial Contract - Unimproved Property

Tract 1: 15.208 acres Cost: \$525,000 Seller: Fox Tree & Landscape Nursery

Development Site: 7.164 acres Cost: \$247,311 \$6,341 per unit

Seller: Fox Tree and Landscape Nursery

Buyer: G2 Equity, Inc., or Assigns

Related-Party Seller/Identity of Interest: No

Comments:

The PSA contract is currently with G2 Equity Inc., which is the Developer and a proposed owner of the LIHTC development. Upon successful award of 9% LIHTCs, G2 Equity Inc. will assign the PSA to Lantern at Robstown LLC, which is currently a to-be-formed entity.

Site control is for 15.208 acres, but the planned development site is 7.164 acres (that will be encumbered by the LURA). The pro-rata allocation of 47.11% (based on acreage) was applied to the total purchase price to calculate the cost of the development site.

The ESA was performed on the entire 15.208 acres under contract.

The ownership entity will have Crossroads Housing Development Corporation (a CHDO) as the GP, which should facilitate a 50% property tax exemption.

Comments:

Market study indicates that the comparable properties reported vacancy rates ranging from zero to 14.5 percent, with an overall weighted average of 5.4 percent. Managers at three of the seven LIHTC properties reported being fully occupied. The average vacancy rate reported by the affordable comparables was 1.5 percent, well below the 8.7 percent weighted average reported by the market rate properties. Based on the performance of the comparables, market study expects the Subject will operate with vacancy and collection losses of approximately five percent over a typical investment period. (p.126)

The Subject will offer larger unit sizes, similar in-unit amenities, and slightly superior common area amenities relative to the LIHTC comparables. Given the Subject's overall comparison to the most similar properties in the area, maximum allowable rents reported at all of the comparables located in Robstown, Corpus Christi, and Kingsville and the rent level comparison between the LIHTC and market rate rents, market analyst believes the Subject would be able to achieve maximum allowable rents at the 30, 50, and 60 percent AMI levels, which are in line with the developer's proposed rents. (p.126)

OPERATING PRO FORMA

SUMMARY- AS UNDERWRITTEN (Applicant's Pro Forma)										
NOI: \$138,988 Avg. Rent: \$852 Expense Ratio: 63.2%										
Debt Service:	\$103,495	B/E Rent:	\$770	Controllable Expenses:	\$3,859					
Net Cash Flow: \$35,493 UW Occupancy: 92.5% Property Taxes/Unit: \$420										
Aggregate DCR:	1.34	B/E Occupancy:	83.8%	Program Rent Year:	2024					

The ownership structure will have Crossroads Housing Development Corporation (a CHDO) as the GP in order to achieve a 50% property tax exemption.

Underwriter utilized local comps for G&A expenses, Payroll, Utility and WST expenses. Applicant's expenses were used in the analysis since there is less than 1% variance with Underwriter's expense assumptions

As underwritten, residual 15-year cash flow is \$183K after deferred developer fee is paid off in year 11.

DEVELOPMENT COST EVALUATION

	SUMMARY- AS UNDERWRITTEN (Applicant's Costs)										
Acquisition	\$34,521/ac	\$6,3	341/unit	\$24	7,311	Contractor Fee	\$894,718				
Off-site + Site Work		\$56,1	42/unit	\$2,18	9,529	Soft Cost + Financing	\$2,106,151				
Building Cost	\$106.10/sf	\$98,1	66/unit	\$3,82	8,461	Developer Fee	\$1,730,000				
Contingency	6.20%	\$9,5	560/unit	\$37	2,851	Reserves	\$170,892				
Total Developmen	t Cost \$2	95,895/unit	\$11,	539,913		Rehabilitation Cost	N/A				

Qualified for 30% Basis Boost?	Rural [9% only]

Acquisition:

The development site is 7.164 acres, which is 47.11% of the total 15.208 acre parcel being acquired. Applicant confirmed that they had inadvertently used the allocated percentage on a \$625,000 land purchase price instead of using the allocated percentage on the actual contract purchase price of \$525,000. Their originally presented land acquisition cost was \$294,417. This has been corrected to \$247,311. In any event, the correction has no effect on the credit allocation.

Building Cost:

Underwriter estimated building cost using Marshall and Swift's "Average Quality" Base Cost. This resulted in an estimate of \$113K/unit (\$122/sf) as compared to Applicant's budget of \$98K/unit (\$106/sf). The difference equates to a 13.2% variance. However, the respective estimates of Total Housing Development Cost vary by 4.8%, so Applicant's budget is being used in the analysis.

Credit Allocation Supported by Costs:

Total Development Cost	Adjusted Eligible Cost	Credit Allocation Supported by Eligible Basis

Credit Price Sensitivity based on current capital structure

\$0.810 Maximum Credit Price before the Development is oversourced and allocation is limited

\$0.765 Minimum Credit Price below which the Development would be characterized as infeasible

CONCLUSIONS

Gap Analysis:						
Total Development Cost	\$11,539,913					
Permanent Sources (debt + non-HTC equity)	\$1,350,250					
Gap in Permanent Financing	\$10,189,663					

Possible Tax Credit Allocations:	Equity Proceeds	Annual Credits
Determined by Eligible Basis	\$9,887,802	\$1,267,920
Needed to Balance Sources & Uses	\$10,189,663	\$1,306,628
Requested by Applicant	\$9,813,253	\$1,258,361

	RECOMM	ENDATION
	Equity Proceeds	Annual Credits
Tax Credit Allocation	\$9,813,253	\$1,258,361

Deferred Developer Fee	\$376,410	(22% deferred)
Repayable in	11 years	

Recommendation:

Underwriter recommends Applicant's request of \$1,258,361 in annual 9% Housing Tax Credits.

Underwriter:	Georgia Simmons
Manager of Real Estate Analysis:	Gregg Kazak
Director of Real Estate Analysis:	Jeanna Adams
