You don't often get email from phyllismcintyre90@yahoo.com. [Learn why this is important](#)

Yes I'm writing because I have been looking for help for home repairs here in Guadalupe County and can't seem to find any. I think the programs should be open to individuals to apply for. Cause in certain county's they don't apply for them and then people are left out in the cold. Also tge information provided on the website doesn't give enough information when you try to find help for the Help for Texans page. Then when you call them half of them say they don't participate. So something else needs to be done to help the residents.
